BLUESHARK 80 FEATURES

DIGITAL DISPLAY SYSTEM

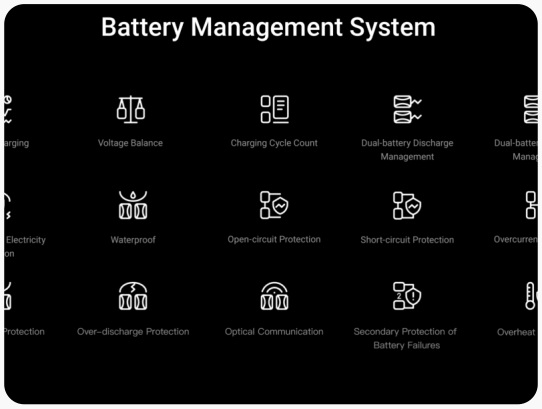
The Blueshark rocks a 10” full-color HD IPS screen, with smart operating system running on it. The system supports GPS, Beidou and music playing, diving recorder, OTA updates, etc., bringing about an intuitive interaction experience for our users

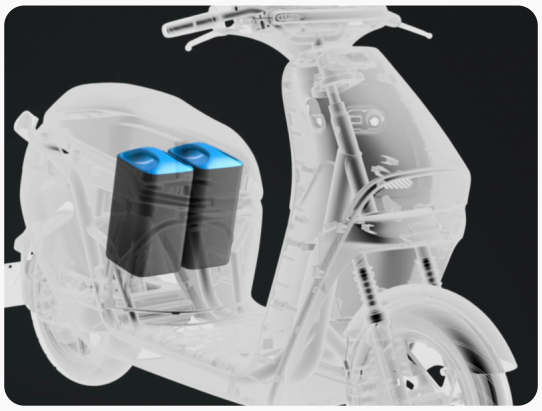
LITHIUM BATTERY PACKS

Two automobile class lithium battery packs are loaded in the trunk of the Blueshark Series. Under economy driving conditions*, you’ll have 160 kilometers of range, adequate for a whole week of urban commuting. 2,880 Wh Dual-battery Capacity ? 160 km Dual-battery Range* < 3.5 h Single battery charging from 0-95% *Theoretical range with a 70 kg passenger, 25 °C and a driving speed of 25 km/h

BATTERY MANAGMENT SYSTEM

State of the art automotive battery management system lets you access all information about your battery packs



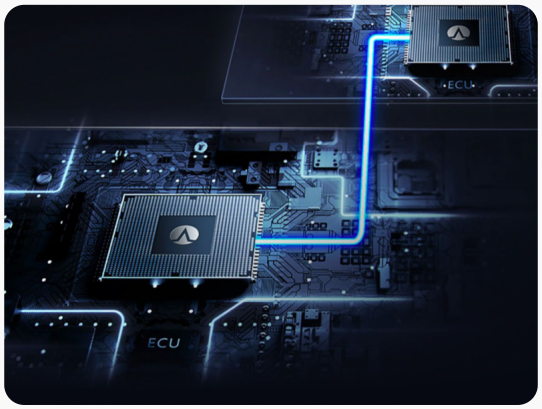


BMS: TECHNOLOGY HIGHLIGHTS

Cutting-Edge Patented Technology Highlights • Automotive lithium battery packs • 160 km of range • Aluminum alloy unibody case • Nickel strip welding & complete glue filling • Single battery charged from 0 to 95% within 3.5 hours • 2 charging methods: direct charger & charging cradle • Real-time AI range estimation

POWERING YOUR RIDE

The Blueshark Series are powered by a cutting-edge permanent magnet gear motor, with performance that far surpasses that of any typical wheel hub motor. Be prepared for an adrenaline rush when you start your ride! 5,000 w 5,500 rpm 201 N·m 80 km/h 40 % 4.9 s Maximum Power Maximum RPM Torque Top Speed Climbing Ability From 0-50 kmph



DUAL ECUs + CAN BUS

One of the ECUs connects to the IoV system via a 2G/4G communication module, while the other monitors and adjusts the driving status in real-time. Both of the ECUs can work independently or connect as a unit through the CAN (Controller Area Network) bus

DOUBLE HYDRAULIC DISC BRAKES WITH CBS

Equipped with double hydraulic disc brakes, along with a combined braking system, allowing both wheels to bear braking force simultaneously no matter which brake lever you pull. Stop right where you are!

SMART SENSORS

A total of 74 sensors are spread all over the body of the Blueshark, collecting information such as speed, acceleration, temperature, environmental lighting, seat pressure, etc.

DRIVING MODES

The Blueshark supports 5 driving modes, including 3 regular driving modes, the Helping Boost mode, Reverse Assistance Mode and Turbo Racing mode*

BUILT-IN CAMERA SYSTEM

Built-in camera system which records as you ride for added safety

BIOMETRIC FINGERPRINT SCANNER

Biometric Fingerprint Scanner can be activated so the BluesharkR1 cannot be started without the owners fingerprint

LED REAR TAILIGHT

LED lighting gives great visibility and a clean modern look

SWITCH GEAR

While the Blueshark has many features, The intuitive switchgear make these features and functions very easy to use while on the go

LED HEADLIGHT & SIDE LIGHTS

LED lighting gives great visibility and a clean modern look

FAST CHARGING

Just like the leading names in the EV the Blueshark also has fast charge capability
